2023 - 24
Higher Secondary, Commerce Stream.

WORK EXPERIENCE

CHILDREN ACADEMY SCHOOL [TEACHER]

[2024]-24

I had the opportunity to teach classes 5th to 10th at Children Academy School, where I instructed students in Mathematics, Science, Social Science, English, and Computer Science. During my tenure, I developed and implemented engaging lesson plans that incorporated multimedia resources and interactive activities to foster critical thinking and problem-solving skills. As an educator, I conducted regular assessments to evaluate student progress and provided constructive feedback and guidance. My teaching approach emphasized student-centered learning, incorporating technology and differentiated instruction to cater to diverse learning styles.

SKILLS

- Teaching subjects: Maths, Science, Social Science, English, and Computer
- Proficient in Office Automation (MS Office tools, Google Suite)
- Excellent communication and interpersonal skills
- Ability to create interactive learning environments
- As a Commerce Stream, can teach Commerce based subjects like Accounts, Entrepreneurship, Economics, Business Studies.
